

Press Release

Douglas Safety Systems to Sell OnSite ERT™

Ann Arbor, MI -- September 25, 2008 -- ERT Systems, LLC, a leading provider of emergency resource tracking systems, announced today that it has signed a reseller agreement with Douglas Safety Systems of Michigan. This agreement will add OnSite ERT to the impressive catalog of fire safety products that Douglas offers to fire departments across the state of Michigan.

“This is a great relationship for our company” said Dennis Carmichael, CEO for ERT Systems. “In its 15 years, Douglas has built an outstanding reputation, and brings great relationships with fire departments across the state that we’re now able to leverage.”

About Douglas Safety Systems

Douglas Safety Systems (DSS) was formed in 1993 for the express purpose of providing high-quality equipment and service to fire departments in Michigan. Today, in addition to owner Doug Engwis, DSS has six regional salespeople, all active and retired firefighters, and two service technicians. More information about DSS can be found on its website: www.DougSafe.com.

About ERT Systems, LLC

Based in Ann Arbor, Michigan, ERT Systems LLC offers OnSite ERT™, a portable and rapidly-deployable system for tracking and locating personnel and equipment on scene at emergency events. First installed in 2006 at the Macomb County Community College Firefighter Training Facility, OnSite ERT has earned a number of awards and accolades, including recognition at the Michigan Homeland Security Consortium’s SELECT awards.

OnSite ERT is on the DHS Authorized Equipment List and is approved for grant purchase. For more information or to view an on-line demo, see www.OnSiteERT.com.
