

Press Release

ERT Systems Becomes a Fire Industry Partner

Ann Arbor, MI -- January 12, 2009 – ERT Systems, LLC announced that it has become a Fire Industry Partner with the Everyone Goes Home® Life Safety Initiative. This program, developed by the National Fallen Firefighters Foundation, promotes adoption of a set of 16 core Firefighter Life Safety Initiatives, with the ultimate goal of aiding the U.S. Fire Administration achieve its objective of reducing the number of preventable firefighter fatalities.

Dennis Carmichael, President of ERT Systems, states that “as the manufacturer of safety equipment for firefighters, we recognize our role in reaching and educating the million-plus firefighters in the US about this program.”

About ERT Systems, LLC

Based in Ann Arbor, MI, ERT Systems LLC has developed OnSite ERT™, a portable, rapidly-deployable system for tracking and monitoring personnel and equipment on-scene at emergency events. First installed in 2006 at the Macomb County Community College Firefighter Training Facility, OnSite ERT has earned a number of awards and accolades, including recognition at the Michigan Homeland Security Consortium’s SELECT awards. OnSite ERT is on the DHS Authorized Equipment List and is approved for grant purchase. For more information or to view an on-line demo, visit www.OnSiteERT.com.
