

Press Release

Englewood, NJ Awarded 2008 AFG for OnSite ERT™

Ann Arbor, MI -- February 11, 2009 -- ERT Systems, LLC, announced today that the Englewood, NJ Fire Department has selected OnSite ERT as its accountability solution. The department, which applied for and was awarded a 2008 Assistance to Firefighter Grant (AFG) specifically for OnSite ERT, will use the system to automatically track and locate firefighters and equipment on scene at emergency events using its Incident Command software, wireless ID tags, and portable receivers.

The Englewood Fire Department operates 10 emergency vehicles, has 55 responders, and serves a population of 28,000 in a 5 square-mile territory.

About ERT Systems, LLC

Based in Ann Arbor, Michigan, ERT Systems LLC offers OnSite ERT™, a portable and rapidly-deployable system for tracking and locating personnel and equipment on-scene at emergency events.

First installed in early 2006 at the Macomb County Community College Firefighter Training Facility, OnSite ERT has earned a number of awards and accolades, including recognition at the Michigan Homeland Security Consortium's SELECT awards.

OnSite ERT is on the DHS Authorized Equipment List and is approved for grant purchase. For more information or to view an on-line demo, see www.OnSiteERT.com.
