

Press Release

Frankenmuth, MI Fire Department Selects OnSite ERT™

Ann Arbor, MI -- April 23, 2008 – ERT Systems, LLC, a leading provider of automated resource tracking systems for emergency responders, announced today that Frankenmuth, MI, has signed a contract for OnSite ERT. The OnSite ERT system includes Incident Command software, wireless tracking tags, and portable receivers.

The city will use OnSite ERT to automatically track and locate firefighters and equipment on-scene at emergency events. The city fire department operates 6 emergency vehicles and has 30 volunteer members.

The Frankenmuth Fire Department serves a population of around 5,000 in an area covering 2.8 square miles.

About ERT Systems, LLC

Based in Ann Arbor, Michigan, ERT Systems LLC offers OnSite ERT™, a portable and rapidly-deployable system for tracking and locating personnel and equipment on-scene at emergency events.

First installed in early 2006 at the Macomb County Community College Firefighter Training Facility, OnSite ERT has earned a number of awards and accolades, including recognition at the Michigan Homeland Security Consortium's SELECT awards.

OnSite ERT is on the DHS Authorized Equipment List and is approved for grant purchase. For more information or to view an on-line demo, see www.OnSiteERT.com.
