ERT Systems Receives Michigan Pre-Seed Funding

Ann Arbor, MI – May 15, 2008 – ERT Systems, LLC recently received \$126,000 in match funding via the Ann Arbor SPARK Business Accelerator in Ann Arbor. The Michigan Pre-Seed Capital Fund is an early-stage equity fund that invests in technology-based companies to support business formation and acceleration.

"We're very pleased to receive this funding, and for the continued support of SPARK and the State of Michigan," said Dennis Carmichael, President of ERT Systems. "We are committed to making emergency scenes safer for first responders, and this capital will be a great help as we launch our product nationwide."

About ERT Systems, LLC

Based in Ann Arbor, Michigan, ERT Systems offers OnSite ERT™, a portable and rapidly-deployable system for tracking and locating personnel and equipment on-scene at emergency events.

First installed in early 2006 at the Macomb County Community College Firefighter Training Facility, and now in active use at fire departments in Michigan and Connecticut, OnSite ERT has earned a number of awards and accolades, including recognition at the Michigan Homeland Security Consortium's SELECT awards.

OnSite ERT is on the DHS Authorized Equipment List and is approved for grant purchase. For more information or to view an on-line demo, visit www.OnSiteERT.com.
