

Press Release

Swansea, IL Uses 2007 AFG To Purchase OnSite ERT™

Ann Arbor, MI -- August 4, 2008 - ERT Systems, LLC, a leading provider of automated resource tracking systems, announced today that the Swansea, IL Fire Department has selected OnSite ERT as its accountability solution. The department will use OnSite ERT to automatically track and locate firefighters and equipment when deployed on scene at emergency events using its Incident Command software, wireless ID tags, and portable receivers.

The Swansea Fire Department, which operates 5 emergency vehicles and has 30 paid on-call members, serves a population of around 13,000 in an area covering approximately 5 square miles.

About ERT Systems, LLC

Based in Ann Arbor, Michigan, ERT Systems LLC offers OnSite ERT™, a portable and rapidly-deployable system for tracking and locating personnel and equipment on-scene at emergency events.

First installed in early 2006 at the Macomb County Community College Firefighter Training Facility, OnSite ERT has earned a number of awards and accolades, including recognition at the Michigan Homeland Security Consortium's SELECT awards.

OnSite ERT is on the DHS Authorized Equipment List and is approved for grant purchase. For more information or to view an on-line demo, see www.OnSiteERT.com.
